Mounting hardware for analog or digital sanitary style inductive conductivity sensors from 3700 family as well as for differential pH/ORP sensors pHD and pure water conductivity sensors 3494.

316 Stainless Steel Sanitary 2-Inch Tee and Heavy Duty Clamp. For use with the sanitary style 3700-series inductive/electrodeless conductivity sensors.

Technische Daten

Anschlussgewinde:	2"
Bemerkungen:	Composition: stainless steel 2" tee piece heavy-duty clamp special cap EPDM compound gasket
Material:	Gasket: EPDM
